§ 3 Application, Admission, Conclusion of Participation Contract, Placement

3.1 Applications can only be made via the application portal provided on the Event Website <https://www.itb.com>. The

exhibitor will receive an electronic confirmation of receipt of his/her application, which does not constitute admission to the Event. The application via the application portal does not constitute a claim to admission.

3.2 Only companies that correspond to the theme of the Event, with particular reference to the list of branches, will be admitted as Exhibitors.

3.3 Messe Berlin will submit to the Exhibitor an offer for the location and size of the stand space provided ("placement offer") within the scope of the given possibilities and taking into account the registered form and size of the stand. The offered placement, also taking into account the information provided by the Exhibitor, is based on Messe Berlin's needs and spatial possibilities within the scope of its free discretion. The Exhibitor shall not be entitled to a specific location and a specific size of stand. Deviating from section 1.1 of the General Terms of Business for Trade Fairs and Exhibitions of Messe Berlin GmbH (hereinafter referred to as "General Terms of Business of Messe Berlin") the placement offer of Messe Berlin constitutes Messe Berlin's offer to conclude the participation contract and shall simultaneously be understood as admission of the exhibitor to the Event.

3.4 Deviating from section 3.1 of the General Terms of Business of Messe Berlin conclusion of the participation contract shall come into effect only upon confirmation of the placement offer by the exhibitor, which shall simultaneously be understood as acceptance of the contractual offer.

3.5 The Exhibitor may not relocate, exchange, divide, or transfer all or part of their exhibition space to third parties who are not co-exhibitors approved by Messe Berlin, unless Messe Berlin has given its prior written consent.

3.6 Each Exhibitor is obliged to make use of the information provided to them, i.e. to inform themselves in particular about the spatial and technical requirements for the individual stand construction, the location, the exact dimensions and any fixtures of the stand allocated to them.

3.7 Messe Berlin is entitled to provide the Exhibitor with an exhibition space that deviates from the placement, i.e. to change the Exhibitor's exhibition space or stand in terms of location, shape, dimensions and/or size, provided that such changes are necessary for technical or operational reasons and are made to an extent that is reasonable for the Exhibitor, taking into account the interests of the Exhibitor. The Exhibitor will be allocated a space of equal value if possible.

Insofar as subsequent changes result in a reduced participation price, the difference shall be refunded to the Exhibitor.

The Exhibitor is entitled to withdraw their application or to withdraw from the contract within one week after notification of the new placement. Further claims against Messe Berlin are excluded.

3.8 Applications received after the deadline of application according to section 2.4 will only be considered if there are remaining spaces available.

3.9 If the Applicant makes the application for another person (Third Party) or passes on their data (e.g. contact data of a contact person), the Applicant has to ensure and assures that he is entitled to pass on the data to Messe Berlin, that Messe Berlin is entitled to lawfully process the data for the aforementioned purposes and that the Third Party has been informed about the processing of his/her data according to Messe Berlin's privacy policy. The exhibitor is liable for non-compliance with these provisions by the Applicant.

The service includes the provision of information on events and entry requirements, and in particular assistance with visa matters.

§ 7 Cancellation, non-participation of the exhibitor, reduction of stand space, COVID-19 travel restrictions

7.1 In deviation from the provisions of section 8.1 sentence 1 of the General Terms of Business of Messe Berlin, the exhibitor is entitled to withdraw from the contract or to cancel their participation in the Event. The following cancellation

conditions apply:

- a. Any withdrawal or cancellation until November 30, 2021 is free of charge, i.e. Messe Berlin will not charge any stand rental fee.
- b. In the event of withdrawal or cancellation after November 30, 2021, Messe Berlin is entitled to charge 50 % of the stand rental fee.
- c. In the event of withdrawal or cancellation after January 1, 2022, Messe Berlin is entitled to charge 100% of the stand rental fee.

The fact that the exhibitor does not use the stand space ("no-show") is equivalent to withdrawal or cancellation, irrespective of whether the exhibitor announces the no-show. In all other respects, the provisions of section 8.1, sentences 2 to 4 of the General Terms of Business of Messe Berlin remain unaffected by this regulation in accordance with this section 7.1.

7.2 If the exhibitor unilaterally reduces the stand area or only makes partial use of it, the cancellation conditions specified under section 7.1 apply subject to the following provisions:

- a. In the event of a reduction in stand space after November 30, 2021, Messe Berlin is entitled to charge 100% of the stand rent attributable to the remaining stand space and 50% of the stand rent attributable to the stand space not taken up.
- b. If the stand area is reduced after January 1, 2022, Messe Berlin is entitled to charge 100% of the stand rent attributable to the originally rented stand area.

In deviation from section 8.1 sentences 2 and 3 of the General Terms of Business of Messe Berlin, the following applies in the event of a reduction in the rented stand area: If the exhibitor reduces his rented stand area, Messe Berlin is entitled to dispose otherwise of the stand area not taken up by the exhibitor. If Messe Berlin succeeds in allocating the unused stand space to another exhibitor, whom Messe Berlin would not otherwise have placed on another stand space, in return for payment, the exhibitor not using the stand space is only required to pay 25% of the stand rent attributable to the stand space that was not used but was passed on. If the unused stand area cannot be allocated, or can only

be allocated in part, to an exhibitor whom Messe Berlin would not otherwise have placed on another stand area, the exhibitor not using the stand area is obliged to pay 50% or 100% of the stand rent attributable to the stand area not used and not passed on, in accordance with the preceding section 7.2, sentence 1, lit. a) and b). Messe Berlin is not obliged to accept a substitute exhibitor provided by the exhibitor. In all other respects, the provisions of section 8.1 sentence 4 of the General Terms of Business of Messe Berlin remain unaffected by this regulation in accordance with this section 7.2.

7.3 The exhibitor is also entitled to withdraw from the Event or to cancel or reduce the stand area if, due to the SARS-COVID-19 pandemic, there is a government-ordered (domestic or foreign) travel ban or a government-ordered ban on entering Germany prior to the start of the Event, and this makes it impossible for the exhibitor to operate their stand in terms of personnel. Cases in which entry into Germany prior to the start of the Event and/or the return to the country of origin of the personnel intended to operate the stand after the Event would require a government-ordered quarantine of at least seven (7) days are to be equated with an impossibility due to travel restrictions pursuant to sentence 1, and such quarantine cannot be avoided by reasonable measures such as molecular biological tests (PCR tests) and/or vaccinations. In the cases specified in this section 7.3, sentences 1 and 2, Messe Berlin is entitled to charge the costs for the Communication Package in the amount of EUR 109.00 per main exhibitor plus additional EUR 109,00 per each co-exhibitor, but capped at EUR 5,500.00 ("cost cap") according to section 4.5. In all aforementioned cases, the exhibitor must provide evidence of the impossibility.

7.4 The obligation to pay or refund the stand rent in accordance with the aforementioned section 7.1 to section 7.3 does not affect any possible claims on the part of Messe Berlin for goods and services already provided at the instigation of the exhibitor. In addition, the exhibitor is responsible for all other costs

incurred in connection with participation in the Event.

§ 8 Terms of payment

- 8.1 The total Participation Fee in accordance with section 4.1 becomes due and will be invoiced with the down payment invoice. Invoicing of all other services, i.e. including ancillary and additional services ordered in the BECO Webshop, will be carried out after the Event has been held, with any advance payments already made being credited against a final invoice. The exhibitor will receive a confirmation of order together with the down payment invoice containing a breakdown of the services invoiced in the down payment invoice.
- 8.2 The period of payment of the stand rental cost is specified in the down payment invoice (100% of the stand rental) and on the final invoice. Invoice number and customer number are requested.
- 8.3 If the exhibitor wants to be exempted from the VAT payment, it should submit the VAT form (available for download under <https://www.itb.com>) and additionally a Business Certificate in English for companies seated outside the EU. If the exhibitor submits the documents after the invoice has been set, and the invoice must be adjusted, Messe Berlin charges a EUR 50,00.00 invoice cancellation fee, which must be paid together with the invoice.
- 8.4 The above mentioned invoice cancellation fee in the amount of EUR 50,00.00 is also to be paid by the exhibitor, in case of any change in the billing drawee at the request of the exhibitor, upon receipt of the invoice.

- 18.2 The obligation to provide such information also applies to links between companies and structural changes to the company's legal form (changes in holdings resulting from the inclusion or withdrawal of shareholders as well as the changes to the lessee's holdings in other companies which have or had a contractual relationship with Messe Berlin etc.)
- 18.3 In the above cases Messe Berlin is entitled to withdraw from the rental agreement with immediate effect. Any down payments made up to that time will be reimbursed.

Any claims for damages by the exhibitor will be excluded, regardless of their legal basis.

§ 19 COVID-19, Hygiene and Safety Concept

- 19.1 Exhibitors and co-exhibitors are obliged to inform themselves in advance of their participation in the Event about the currently applicable regulations, laws, ordinances and other orders issued in connection with the containment of Coronavirus SARS-CoV-2 (COVID-19) ("COVID-19 regulations") and to comply with them. In addition, Exhibitors and co-exhibitors are obliged to observe the hygiene and safety measures issued by Messe Berlin for the Event, in particular the Hygiene and Safety Concept for the event (<https://www.messe-berlin.de/en/visitors/allgemeine-informationen/>). Against the background of the dynamic development of coronavirus, Exhibitors and co-exhibitors acknowledge that Messe Berlin is entitled to adapt hygiene and safety measures to the current legal situation at any time and that they are obliged to keep themselves continuously informed of any changes, in particular via the Event website.
- 19.2 Insofar as the COVID-19 regulations currently in force at the time of the Event stipulate that persons participating in the Event must have tested negative for infection with the SARS-CoV-2 coronavirus, or other personal restrictions on participation apply to protect against infection with the coronavirus, Exhibitors and co-exhibitors are obliged to comply with these regulations and with the requirements issued by Messe Berlin in this connection, and to inform the persons employed by them and third parties commissioned by them accordingly.
- 19.3 Exhibitors and co-exhibitors are responsible for complying with the applicable hygiene and protection regulations on their stand. In addition, Exhibitors and co-exhibitors must ensure that third parties commissioned by them are informed about the regulations and measures to be observed and comply with them. Messe

Berlin reserves the right to exclude the persons concerned from participation in the Event in the event of any violations of the provisions for the containment of the COVID-19 virus and/or non-compliance with the hygiene and safety measures.
